MEMORANDUM FOR: Deputy Director for Administration

FROM: Daniel C. King
Director of Logistics

SUBJECT: Proposed Joint Initiative with DDI for Unfunded Equipment Requirements

REFERENCE: Memo for DDA fm D/L, dtd 3 Nov 83, Same Subject

1. The purpose of this memorandum is to provide the DDA with a clarification concerning informal discussions that have taken place between representatives of Printing and Photography Division, Office of Logistics; [redacted] Executive Officer, Office of Current Production and Analytic Support, DDI; and [redacted] Planning Staff, DDI. STAT STAT

2. The referent indicated that there was a conflict between Printing and Photography Division and the DDI representatives concerning the priority ranking of the six items listed in the attachment. A subsequent discussion was held on 9 November 1983 with the DDI representatives. At that meeting, it was agreed that the first four items are essential and that the priority order in which they are ranked is appropriate. Without this equipment, the printing plant runs the risk of becoming over-extended in the event existing equipment breaks down. It was also agreed that the last two items on the attachment are not essential to meet current and forecast printing production demands.
